Ed hardy clothing report,From Hong Kong to provide the prices of the agents, iPad in Hong Kong and the U.S. version is almost

the same price, the lowest with the Wi-Fi 16G version for sale at HK 3888 yuan, equivalent to less than RMB 3,400 yuan, the highest with the 64GB 3G retails for 6,488

Hong Kong dollars, about 5652 yuan.

Some say iPad is an enlarged version of the Touch, but no matter how that 0.68 kg of body weight or some component.

iPad Consistent with our simple design look, the lower body is the data cable compatible with charging jack, the right to external speakers. MIC radio fuselage hole

and the top is the headphone jack, the top of the fuselage on the right is the volume control keys and wireless network switch,easy to buy

Ed hardy shoes, the full texture of metal designs. Very similar user interface Touch or iPhone users to be familiar with, the

whole setup is basically the same content and Touch.

If the Touch,Ed hardy bags and iPhone screen is an apartment, then, 9.7-inch screen can be called a luxury iPad has. This is

when the input is especially important, because the iPad screen simulation of an adult's finger keyboard keys so great, Yong up but a lot easier, less pressed the

wrong key concerns. Huge screen to watch pictures, video or when playing games has brought a more direct visual impact.
